

MD Peel (CCl₃)

MD Peel (CCl₃) is a true medium-depth peel that is most suitable for those with resilient skin. This highly active treatment rejuvenates the skin and improves the appearance of fine lines and wrinkles while promoting an even skin tone.

Note: *For physicians' use only.*

Key Benefits

- ✓ Provides dramatic skin rejuvenation
- ✓ Promotes an even skin tone
- ✓ Improves the appearance of fine lines and wrinkles

Active Ingredients

- + **Lactic Acid (10%)** – an alpha hydroxy acid (AHA) naturally found in milk and sugars. It breaks down the bonds between cells (desmosomes) to allow for easier exfoliation of dead surface cells, hydrates the skin, and inhibits melanogenesis by suppressing the formation of tyrosinase.
- + **Trichloroacetic Acid (TCA) (20%)** – a superficial and medium-depth peeling agent that helps minimize the appearance of fine lines, wrinkles, and acne scarring.

Key Ingredients

- + **Alpha-Lipoic Acid (Thioctic Acid)** – a natural compound with antioxidant and anti-inflammatory properties that interferes with the internal pathways of hyperpigmentation.
- + **Emblica** – a botanical also known as Indian gooseberry or the Malacca tree. It contains a high concentration of tannins, which have been shown to reduce discoloration and the visible signs of aging.
- + **Silymarin** – a powerful antioxidant that provides anti-inflammatory benefits and has a protective effect against UVA-induced oxidative stress. It suppresses UVB-induced skin edema and the formation of sunburn cells.

Skin Type

- Dry
- Oily
- Combination
- Normal
- Sensitive

Ingredients

Alcohol Denat., Hamamelis Virginiana (Witch Hazel) Water, Trichloroacetic Acid (TCA) (20%), Lactic Acid (10%), Alcohol, Glycerin, Water/Aqua/Eau, Citrus Limon (Lemon) Peel Extract, Silybum Marianum Extract, Thioctic Acid, Emblica Officinalis Fruit Extract.

Full: 2 fl oz | Trial: 0.25 fl oz

Results you can see

PCA SKIN®'s rigorous product development process includes partnering with dermatologists to test the effectiveness of each formula before it's put on the market. Our before and after photos are a sampling of the results seen during this process. These photos are never retouched.

Pro Tips

Pair with **Advanced Treatment Booster** for added exfoliation and accelerated results.

For a superficial peel treatment, the maximum number of layers is two.

For a medium depth peel, the maximum number of layers is left to the discretion of the physician.
